Instructions

An individual Native American may file a claim for a refund of North Dakota motor vehicle fuel (gasoline/gasohol) taxes provided:

- The claimant is an enrolled member of a Native American Tribe whose reservation is located in North Dakota.
- The motor vehicle fuel on which the refund claim is based was purchased from a retailer or distributor on the reservation where the claimant is an enrolled member.
- The North Dakota motor vehicle fuel taxes were billed directly to the claimant.
- The claimant has paid the North Dakota tax to the seller of the fuel.

Form:

Use the form prescribed by the Tax Commissioner. Enter your social security number, your tribal identification number, name, and address in the appropriate spaces. Complete the form in its entirety and be sure to sign and date it. The claimant is directly responsible for the accuracy of the information. Fuel dealers are prohibited by law from preparing refund claims for consumers.

Original Invoices or Sales Tickets:

Invoices, sales tickets, or certified listings which do not contain the required information will not be accepted, and the entire claim may be denied.

The law requires that invoices or sales tickets, or certified listings, detailing fuel purchases be submitted with claims for tax refunds. The information on these documents must be entered by the seller of the fuel. The law specifies that each invoice or sales ticket must include:

- The seller's name and address;
- The date the fuel was purchased;
- The type of product;
- The number of gallons of motor vehicle fuel purchased;
- The state tax as a separate item or a statement that the state tax is included in the price; and
- The name of the claimant.

In addition, there should be a document number on the invoice or sales ticket.

The invoices or sales tickets must be ORIGINALS; and if the original invoices or sales tickets are lost, the claimant may substitute duplicates plus a separate affidavit on forms prescribed by the Tax Commissioner.

If there are 50 or more original invoices or sales tickets, those documents must be organized by month and year. Attach a gallonage total to each group.

Certified Histories – In Lieu of Original Invoices:

A claimant may submit certified histories detailing the required information. Certified histories must be prepared by the seller of the fuel. The histories must detail each purchase of fuel on which a refund is claimed. The histories must include certification statements verifying that the information is a true and correct record of sales to the specific consumer; that original documentation is available for audit purposes; and, if the state tax is not listed as a separate item, that the tax was included in the price.

Audits:

Tax refund claims are subject to audit by the Tax Commissioner. An audit may be conducted any time within three years after the due date of the claim or within three years after the claim was filed, whichever occurs later. When a claim is selected for audit, the claimant is expected to provide any additional information required by the Tax Commissioner.
